Overview

This profile presents findings from the WHO pulse survey on continuity of essential health services during the COVID-19 pandemic.

Background

Region	Population	Income Group	GDP (USD per capita)	Life Expectancy (years)	Population 60 and over (%)
AFR	43,851,044	Lower middle income	\$3,690.6	77.1	9.9%

Survey participation

Round 1 surveys	Submission Date	Round 3 survey sections	Submission Date	Round 4 survey sections	Submission Date
Essential Health Services	27-May-20	Cross-cutting ontinuity of essential health services module	16-Dec-21	Cross-cutting ontinuity of essential health services module	Did not participate
Noncommunicable diseases	Did not participate	Sexual, reproductive, maternal, newborn, child and adolescent health	Did not participate	Sexual, reproductive, maternal, newborn, child and adolescent health	Did not participate
Mental, neurological, and substance use disorders	21-Aug-20	Nutrition	Did not participate	Nutrition	Did not participate
		Immunization	Did not participate	Immunization	Did not participate
		Human immunodeficiency virus and hepatitis	Did not participate	Human immunodeficiency virus and hepatitis	Did not participate
		Tuberculosis	Did not participate	Tuberculosis	Did not participate
		Malaria	Did not participate	Malaria	Did not participate
		Neglected tropical diseases	Did not participate	Neglected tropical diseases	Did not participate
		Mental health, neurology and substance use disorders	Did not participate	Mental health, neurology and substance use disorders	Did not participate
		Care for older people	Did not participate	Noncommunicable diseases	Did not participate
				Care for older people	Did not participate
				Future acute respiratory pandemic preparedness	31-Jan-23

Weekly number of new COVID-19 cases and deaths

Summary of disruptions

Algeria

	Round 1 (May-Sept 2020)	Round 2 (Jan-March 2021)	Round 3 (Nov-Dec 2021)	Round 4 (Nov 2022-Jan 2023)	Trend over four rounds	Regional comparison (Round 4)	Global comparison (Round 4)
Percentage of essential health services disrupted	30%	No response	0%	0%		Average % of services disrupted 26%	23%
Number of essential health services disrupted	6 out of 20 services	No response	0 out of 3 services	0 out of 0 services			

Denominator excludes services that were not reported on and services for which Not applicable and Do not know responses were submitted

Level of service disruption by service group	Round 1 (May-Sept 2020)	Round 2 (Jan-March 2021)	Round 3 (Nov-Dec 2021)	Round 4 (Nov 2022-Jan 2023)
Primary care	Not applicable	Not applicable	Not applicable	Not applicable
